

Graduation

Welcome from our Principal and Vice-Chancellor

Congratulations to all of our graduates.

It is a great privilege to welcome you to Glasgow Caledonian University's graduation ceremony at the Glasgow Royal Concert Hall. This is a very special day for you, your families and our University.

This is also an historic day for Glasgow Caledonian University as we install as our sixth Chancellor, Dr Anne-Marie Imafidon MBE. I am delighted to share this extraordinary day with you all, as we officially welcome Dr Imafidon to the University. We are very proud to welcome such a passionate and ambitious trailblazer, who will be an inspirational role model and champion as our new Chancellor.

You have all worked extremely hard to achieve your degrees and I know you have been supported by your families and friends throughout your time with us. The academic staff of the University have been dedicated to encouraging you on your road to success and we all take great pleasure in gathering to applaud your achievements.

As the University for the Common Good, Glasgow Caledonian's strong sense of purpose and values-led approach is a strong foundation for you to build your future. As Glasgow Caledonian enters a new era with our inspirational new Chancellor, today represents an important milestone in your life too. We are extremely proud that you have gained your degree from Glasgow Caledonian University. Remember that wherever your future path may take you, your University will always be here for you.

Many congratulations.

Professor Steve Decent
Principal and Vice-Chancellor
Glasgow Caledonian University

Our Chancellor

Dr Anne-Marie Imafidon MBE HonFREng HonFBSA HonFIET, an inspirational trailblazer in business, maths and technology.

The Chancellor's Installation

An historic day for Glasgow Caledonian University.

Above:

The University community comes together to celebrate the installation of our new Chancellor and graduates.

Below:

Dr Anne-Marie Imafidon MBE HonFREng HonFBSA HonFIET is a passionate champion of our students.

Today is an historic moment in the life of Glasgow Caledonian University as we celebrate the installation of our new Chancellor, Dr Anne-Marie Imafidon MBE HonFREng HonFBSA HonFIET. The ceremony, presided over by our Chair of Court Rob Woodward CBE, will publicly establish Dr Imafidon as the University's sixth chancellor, and celebrate our rich heritage and exciting future.

Dr Imafidon was selected as Chancellor, the University's ceremonial leader, earlier this year in a process that involved our community of students, staff, and wider stakeholders. An inspirational trailblazer in business, maths and technology, Dr Imafidon's relationship with the University began in 2017 when she became an honorary graduate. She has been a passionate champion of our students ever since.

For centuries, chancellors have traditionally nurtured our universities, protecting their autonomy as independent seats of learning and promoting their intellectual integrity. Embracing official, pastoral, scholarly and ambassadorial roles, the chancellor is key to the success of university life. As well as supporting staff, students and alumni, they preside at events and promote the institution's work and values around the world. The Chancellor's most public role is conferring degrees at graduation ceremonies.

Speaking of her appointment, Dr Imafidon said: "To be welcomed to an institution that stands for

the Common Good is one of the greatest honours of my life. I look forward to representing Glasgow Caledonian University as it enters this new era. Here's to the Common Good and to being an ambassador for great ambitions, transformational education and high-impact research."

Dr Imafidon follows in the remarkable footsteps of our former chancellors: world renowned musician and social activist Dr Annie Lennox OBE (2018- 2023); Nobel Laureate Professor Muhammad Yunus (2012- 2017); journalist and broadcaster Angus 'Gus' Macdonald CBE (2007- 2012); historian and broadcaster Magnus Magnusson KBE (2002-2007), and businessman David Nickson KBE (1993- 2002).

We are delighted to have your attendance at this very special occasion as Glasgow Caledonian University, your University, moves into a new era.

One of the UK's most influential women in tech and a leading advocate of diversifying talent in science, technology, engineering and mathematics (STEM), Dr Anne-Marie Imafidon MBE HonFREng HonFBSA HonFIET was appointed Chancellor of Glasgow Caledonian University in February this year.

Dr Imafidon is a trailblazer in the fields of business, mathematics and technology and has received a host of accolades. These include an MBE in 2017 for her services to young women and the STEM fields. She was named the UK IT Industry and British Computer Society's Young IT Professional of the Year in 2013, and, in 2020, the UK's Most Influential Woman in Tech by *Computer Weekly*, the same year she was appointed a NATO2030 Young Leader. In 2021 Dr Imafidon began a run as temporary Arithmetician for 60 episodes of Channel 4's *Countdown*, the world's longest-running game show.

As co-founder of the award-winning organisation Stemettes, Dr Imafidon has spearheaded initiatives to inspire the next generation of girls and young women in STEM careers, reaching more than 65,000 young people across the UK, Ireland and Europe.

Dr Imafidon chairs the UD Music Foundation, an Arts Council National Portfolio charity bringing communities together through music education, Black music and Black-music culture, and co-chairs the Institute for the Future of Work, an independent research and development body exploring how new technologies are transforming our working lives.

A sought-after presenter, keynote speaker and adviser, Dr Imafidon continues to make significant contributions to the advancement of women in technology, and, in 2022, wrote *She's in CTRL*, *Transworld*, a guide to women's empowerment through digital literacy.

Dr Imafidon is an honorary graduate of the University, though her remarkable learning journey also includes passing GCSEs at the age of 10, becoming the youngest girl to pass A-level computing at 11, and earning a Master's degree in Mathematics and Computer Science from the University of Oxford aged just 20. Dr Imafidon embodies our University values: confidence, creativity, integrity and responsibility.

Graduation ceremony

The celebration is a blend of old and new traditions.

Above:

The first mace created in Scotland for a Scottish university in more than a century, the Caledonian Mace is carried by the Bedellus and symbolises our independence and authority to confer degrees.

Your graduation ceremony is a blend of centuries of academic history woven with the University's own traditions.

The ceremony draws together our community to mark the award of degrees or other achievements and celebrate your success with pride as you reach a milestone in your journey with us. It begins with the academic anthem, *Gaudeamus Igitur* (Let Us Rejoice), and graduands (students about to have their degrees conferred) and their guests stand as the academic procession enters. The procession usually includes our Chancellor, Vice-Chancellor, Vice-Principals, senior staff, members of the University Court and Senate, distinguished honorary graduands and the Bedellus.

The Bedellus carries the Caledonian Mace - the symbol of our independence and authority to confer degrees. Ceremonial maces' roots can be traced to the Middle Ages when they would be used as weapons to protect the monarch and, subsequently, university leaders. Our richly decorated ceremonial Mace celebrates our

motto, For the Common Weal, and was designed by The Glasgow School of Art and gifted by the universities of Glasgow and Strathclyde. The Mace was the first to be produced in Scotland for a Scottish university in more than 100 years.

Degrees are conferred, or awarded, by our Chancellor, Vice-Chancellor (our Principal and executive head of the University), or by our Chair of Court - our supreme governing body.

Our students are presented by the Dean, the most senior academic of each of our Schools, and are then capped - signifying that your degree has been awarded and you are now a graduate. The award given to each graduating student is based on the level of their study and their course.

Alongside our own students, we also award honorary degrees to public figures who embody our values in recognition of their outstanding achievements in their sphere. The ceremony usually closes with an address from the Principal and Vice-Chancellor.

Order of proceedings

July 2, 2024, 3pm

Academic Procession

Vorspiel - Robert Schumann
 Gaudeamus Igitur - Arranged by Johannes Brahms
 Performed by John R Turner MA MusB HonMA FRCO

Members of the University staff, the Senate, the Court, Senior Officers of the University, the Vice-Chancellor, the Chancellor and the Bedellus will enter the auditorium. The audience is asked to stand.

Your University

Glasgow Caledonian University is a dynamic, world-leading, award-winning institution that is shaping society, influencing global policy and transforming lives.

Above: Graduates celebrate on our award-winning campus in the heart of vibrant Glasgow.

Glasgow Caledonian – the largest and leading modern university in Scotland - is a vibrant, values-led university with campuses in the heart of Glasgow and London. With a strong commitment to high-quality education and research which supports the communities we serve, our partnerships with employers help our students get the careers they dream of and deserve.

With a wide range of professionally accredited courses and links with over 300 industry partners, we have the highest proportion of undergraduate level graduates in highly skilled occupations (83%) compared to other Scottish modern universities - with 91% of our students in employment or further study within 15 months of graduating (HESA 2023). We are Scotland's leading provider of Graduate Apprenticeships.

In the last year we have rocketed into the top 40 universities in the UK in the highly regarded *Guardian University Guide*, were ranked the UK's 2nd top performing modern university in the

inaugural *Daily Mail* guide, and entered the top 50 UK universities in the highly coveted 2024 *Times and Sunday Times Good University Guide* for the first time. We are the top performing modern university in Scotland in all three guides.

We perform exceptionally at subject level too. We're the leading university in the UK in key health areas including Radiography, Physiotherapy and Subjects allied to Medicine, according to the *Times and Sunday Times*, and first in the UK for Food Science, with Hospitality, Leisure, Recreation and Tourism ranked second in the UK (first in Scotland). *The Guardian* also ranked us in the top three in the UK, and first in Scotland, for Social Work, Animation and Game Design, and Nutrition and Food Science.

Helping more young people from diverse backgrounds into university is something we are extremely passionate about. Scottish Funding Council figures highlighted that 22% of our Scottish full-time, first degree entrants were drawn from the country's 20% most-

disadvantaged backgrounds (SFC 2023). An independent economic impact report highlighted that Glasgow Caledonian is a valuable asset to the City of Glasgow, not only bringing economic and employment opportunities, but working to address the deep-rooted economic, social and health inequalities in the city (BiGGAR Economics).

Our College Connect Team delivers a dedicated service to help students transition from college to university. The University's Caledonian Club, an award-winning outreach initiative, has helped 20,000 local children, families and carers, many from disadvantaged backgrounds.

At heart, we are a civic university with a global outlook, dedicated to driving positive social change for current and future generations. In the 2023 *Times Higher Education Impact Rankings*, which assess universities against the Sustainable Development Goals (SDGs), we ranked in the top 200 globally. Within this, we ranked in the top 50 in the world for two SDGs, Decent Work and Economic Growth and Reduced Inequalities.

We are the only Scottish university with EcoCampus Platinum accreditation and were ranked first in Scotland for sustainability in the most recent People and Planet league table.

Our research is addressing many of today's biggest global challenges. We are unsurpassed by any other Scottish modern university for the level of research (72%) considered to be world leading or internationally excellent. Our health research is surpassed only by King's College London for outstanding impact, and 100%

of our communications, culture and media research is rated as having an outstanding or very considerable impact (REF2021).

Glasgow Caledonian's research expertise spans three Schools (the School of Computing, Engineering and Built Environment, the Glasgow School for Business and Society, and our School of Health and Life Sciences) and centres including the Research Centre for Health (ReaCH), Mary Robison Centre for Climate Justice, and Yunus Centre for Social Business and Health.

Our close partnerships range from the Scottish Government, Public Health Scotland and NHS Scotland to the Chambers of Commerce and Scottish Women in Technology. We have transnational partnerships in China, South Africa, Oman, Bangladesh, Nepal and Mauritius.

The University's globally recognised researchers regularly advise governments, industry and international bodies on policy development and delivering impact.

Our success as a globally connected University is demonstrated by the large number of international students studying at our UK campuses. Our welcoming community of over 1,600 staff and more than 22,000 students from almost 120 countries enjoy state-of-the-art facilities across each of our city centre campuses.

Guided by our values – integrity, responsibility, creativity and confidence – we work with others to transform the lives of our students and the communities we serve.

Below:

Sir Alex Ferguson CBE, Founding Donor to the GCU Foundation, and his beneficiaries.

Alumni - stay connected

Being part of the global alumni community gives you exclusive access to a wide range of people, events and networking opportunities.

You will also receive the annual *Alumni and Friends Magazine* as well as regular e-Newsletters, keeping you up-to-date with all the latest news and events at your University. [gcu.ac.uk/alumni/keepintouch/update-your-details](https://www.gcu.ac.uk/alumni/keepintouch/update-your-details)

Alumni benefits and services

As a graduate of Glasgow Caledonian University you are entitled to an exclusive selection of benefits and services.

These include discounts on further study, careers support, library membership and much more. Studying a postgraduate degree at Glasgow Caledonian can be an excellent career move. As a graduate you will qualify for a 30% fee discount with our Loyalty Scholarship.

[gcu.ac.uk/alumni/benefits](https://www.gcu.ac.uk/alumni/benefits)

Alumnus of the year

Are you or do you know a Glasgow Caledonian graduate who has excelled in some way? The GCU Alumnus of the Year Award is an annual honour that celebrates the early career success and contributions of graduates.

[gcu.ac.uk/alumni/alumnioftheyear](https://www.gcu.ac.uk/alumni/alumnioftheyear)

Ways to get involved

Alumni can give back their time and expertise via our award-winning MINT (Mentoring, Internships, Networking and Talks) programme. As a direct response to the pandemic, this pioneering programme provides help and support to final year students and new graduates to enhance their employability.

Mentoring

As advocates and ambassadors for our University, many graduates generously volunteer their time to support our students and partner communities in a variety of different ways. There are various ways to volunteer such as becoming an Alumni Mentor to a final year student.

[gcu.ac.uk/alumni/mintprogramme/mentoring](https://www.gcu.ac.uk/alumni/mintprogramme/mentoring)

Internships

You or your company can offer internships/work placements to new graduates, with part of their salary subsidised by our Graduate Internship Fund. Companies will benefit from the skills and talent of a new graduate to deliver a fixed term project.

2023 Alumni of the Year award winners: Tabitha Nyariki, Callum Baird, Samantha Newell and Chloe Gallacher.

Networking and talks

We organise reunions and events throughout the year in our campuses in Glasgow and London, around the UK and internationally, ranging from information receptions, masterclasses, class reunions and more. We can also help you to plan and arrange your own reunions. [gcu.ac.uk/aboutgcu/supportservices/conferences/whatson](https://www.gcu.ac.uk/aboutgcu/supportservices/conferences/whatson)

Share your alumni story

We would love to hear more about the impact that the University has played in your life, either directly - in terms of skills and knowledge - or indirectly, via friends, experiences or chance encounters.

Transforming lives

Glasgow Caledonian University Foundation works to support the University's commitment to the Common Good, raising funds to transform lives through education and research.

Thanks to generous donations from alumni and friends, we have raised more than £10 million, providing vital financial assistance, and widening access to a variety of educational and life-changing opportunities.

To find out more about the work of the GCU Foundation, and how you can support our students, visit www.gcu.ac.uk/foundation

Loyalty scholarships

A discount of **30%** is available for self-funding students who wish to embark on further study at the University, if they received their undergraduate or postgraduate qualification from Glasgow Caledonian. Visit www.gcu.ac.uk/alumni/benefits/loyaltyscholarships

We hope you'll cherish your graduation brochure as a memento of today's celebration and of your time at Glasgow Caledonian University.

You can be assured that the brochure is fully recyclable, and is certified by both the Forest Stewardship Council and the Programme for the Endorsement of Forest Certification.

Our paper is just part of our commitment to becoming carbon neutral by 2040. Glasgow Caledonian is the only Scottish university to hold an EcoCampus Platinum award for our commitment to the environment. We're ranked first in Scotland for sustainability in the People and Planet league table and were Scotland's first Cycle Friendly Campus. We send virtually no waste to landfill, use a combined heat and power system to reduce our energy use, and have invested in greening our campus buildings.
