

## Graduation

# Welcome from our Principal and Vice-Chancellor

Congratulations to all of our graduates.

It is a great privilege to welcome you to Glasgow Caledonian University's graduation ceremony at the Glasgow Royal Concert Hall. This is a very special day for you, your families and our University.

You have all worked extremely hard to achieve your degrees and I know you have been supported by your families and friends throughout your time with us. The academic staff of the University have been dedicated to encouraging you on your road to success and we all take great pleasure in gathering to applaud your achievements.

As the University for the Common Good, Glasgow Caledonian's strong sense of purpose and values-led approach is a strong foundation for you to build your future. Today represents an important milestone in your life. We are extremely proud that you have gained your degree from Glasgow Caledonian University. Remember that wherever your future path may take you, your University will always be here for you.

Many congratulations.

**Professor Steve Decent**  
Principal and Vice-Chancellor

# Our Chancellor

Dr Anne-Marie Imafidon MBE HonFREng HonFBSA HonFIET, an inspirational trailblazer in business, maths and technology.

One of the UK's most influential women in tech and a leading advocate of diversifying talent in science, technology, engineering and mathematics (STEM), Dr Anne-Marie Imafidon MBE HonFREng HonFBSA HonFIET was appointed Chancellor of Glasgow Caledonian University in February this year.

Dr Imafidon is a trailblazer in the fields of business, mathematics and technology and has received a host of accolades. These include an MBE in 2017 for her services to young women and the STEM fields. She was named the UK IT Industry and British Computer Society's Young IT Professional of the Year in 2013, and, in 2020, the UK's Most Influential Woman in Tech by *Computer Weekly*, the same year she was appointed a NATO2030 Young Leader. In 2021 Dr Imafidon began a run as temporary Arithmetician for 60 episodes of Channel 4's *Countdown*, the world's longest-running game show.

As co-founder of the award-winning organisation Stemettes, Dr Imafidon has spearheaded initiatives to inspire the next generation of girls and young women in STEM careers, reaching more than 65,000 young people across the UK, Ireland and Europe.

Dr Imafidon chairs the UD Music Foundation, an Arts Council National Portfolio charity bringing communities together through music education, Black music and Black-music culture, and co-chairs the Institute for the Future of Work, an independent research and development body exploring how new technologies are transforming our working lives.

A sought-after presenter, keynote speaker and adviser, Dr Imafidon continues to make significant contributions to the advancement of women in technology, and, in 2022, wrote *She's in CTRL*, *Transworld*, a guide to women's empowerment through digital literacy.

Dr Imafidon is an honorary graduate of the University, though her remarkable learning journey also includes passing GCSEs at the age of 10, becoming the youngest girl to pass A-level computing at 11, and earning a Master's degree in Mathematics and Computer Science from the University of Oxford aged just 20. Dr Imafidon embodies our University values: confidence, creativity, integrity and responsibility.

## Graduation ceremony

The celebration is a blend of old and new traditions.

### Above:

The first mace created in Scotland for a Scottish university in more than a century, the Caledonian Mace is carried by the Bedellus and symbolises our independence and authority to confer degrees.

Your graduation ceremony is a blend of centuries of academic history woven with the University's own traditions.

The ceremony draws together our community to mark the award of degrees or other achievements and celebrate your success with pride as you reach a milestone in your journey with us. It begins with the academic anthem, *Gaudeamus Igitur* (Let Us Rejoice), and graduands (students about to have their degrees conferred) and their guests stand as the academic procession enters. The procession usually includes our Chancellor, Vice-Chancellor, Vice-Principals, senior staff, members of the University Court and Senate, distinguished honorary graduands and the Bedellus.

The Bedellus carries the Caledonian Mace - the symbol of our independence and authority to confer degrees. Ceremonial maces' roots can be traced to the Middle Ages when they would be used as weapons to protect the monarch and, subsequently, university leaders. Our richly decorated ceremonial Mace celebrates our motto, For the Common Weal, and was designed

by The Glasgow School of Art and gifted by the universities of Glasgow and Strathclyde. The Mace was the first to be produced in Scotland for a Scottish university in more than 100 years.

Degrees are conferred, or awarded, by our Chancellor, Vice-Chancellor (our Principal and executive head of the University), or by our Chair of Court - our supreme governing body.

Our students are presented by the Dean, the most senior academic of each of our Schools, and are then capped - signifying that your degree has been awarded and you are now a graduate. The award given to each graduating student is based on the level of their study and their course (there's a guide to our degrees and the academic dress associated with them on the page opposite).

Alongside our own students, we also award honorary degrees to public figures who embody our values in recognition of their outstanding achievements in their sphere. The ceremony usually closes with an address from the Principal and Vice-Chancellor.

## Graduation robes

Glasgow Caledonian University's hoods and robes reflect the variety and diversity of our academic programmes.

The origins of today's academic dress - including the robe and hood worn by our students - can be traced back to medieval Europe's earliest universities when students adopted long, sober clothing to reflect their scholarly status. While every-day fashions have changed, the often flamboyantly coloured robes have remained an integral part of academic ceremonies - undoubtedly adding to the sense of occasion at graduation.

The introduction, in 2010, of the various richly hued graduation robes and hoods that are associated with each of our degrees was a landmark in our

history and illustrates our pride in our past and present, and in our ambitions for the future. The coloured hoods associated with each degree - illustrated above - replaced the uniform academic dress that had remained unchanged since we were awarded university status in 1993 and celebrate the diversity of achievement of our 21st-century graduates who come from all over the world.

Members of our academic procession wear the academic dress associated with the university from which they graduated, creating the vibrant variety of colours you'll see at today's ceremony.

Claire Hulsen  
Vice-Principal Strategy and Planning

## **Award of Honorary Degree of Doctor of Laws**

Secretary-General of the Muslim Council of Britain, Zara Mohammed is the first woman and first Scot to lead the organisation.

A former Assistant Secretary-General of the organisation, which represents mosques, Islamic schools and Muslim associations across the country, Zara was elected Secretary-General in 2021 at just 29, the youngest person to lead the Council. She was re-elected to the role last year.

Zara has a Bachelor of Laws in Human Rights Law from Strathclyde University, which named her its Alumnus of the Year in 2023.

In 2016, she became the first woman to lead the Federation of Student Islamic Societies, an umbrella organisation supporting and representing Islamic societies at higher education institutions in the UK and Ireland.

Glasgow-born Zara is passionate about creating an inclusive, diverse and representative Muslim Council for Britain.

She has joined public consultations on issues including Muslim women and employment and Islamophobia, and speaks at events across the UK and in Ireland.

Zara is passionate about empowering young people and women in her community and hopes her success will in turn inspire them to aspire to leadership roles.

## Your University

Glasgow Caledonian University is a dynamic, world-leading, award-winning institution that is shaping society, influencing global policy and transforming lives.

**Above:** Graduates celebrate on our award-winning campus in the heart of vibrant Glasgow.

Glasgow Caledonian – the largest and leading modern university in Scotland - is a vibrant, values-led university with campuses in the heart of Glasgow and London. With a strong commitment to high-quality education and research which supports the communities we serve, our partnerships with employers help our students get the careers they dream of and deserve.

With a wide range of professionally accredited courses and links with over 300 industry partners, we have the highest proportion of undergraduate level graduates in highly skilled occupations (83%) compared to other Scottish modern universities - with 91% of our students in employment or further study within 15 months of graduating (HESA 2023). We are Scotland's leading provider of Graduate Apprenticeships.

In the last year we have rocketed into the top 40 universities in the UK in the highly regarded *Guardian University Guide*, were ranked the UK's 2nd top performing modern university in the

inaugural *Daily Mail* guide, and entered the top 50 UK universities in the highly coveted 2024 *Times and Sunday Times Good University Guide* for the first time. We are the top performing modern university in Scotland in all three guides.

We perform exceptionally at subject level too. We're the leading university in the UK in key health areas including Radiography, Physiotherapy and Subjects allied to Medicine, according to the *Times and Sunday Times*, and first in the UK for Food Science, with Hospitality, Leisure, Recreation and Tourism ranked second in the UK (first in Scotland). *The Guardian* also ranked us in the top three in the UK, and first in Scotland, for Social Work, Animation and Game Design, and Nutrition and Food Science.

Helping more young people from diverse backgrounds into university is something we are extremely passionate about. Scottish Funding Council figures highlighted that 22% of our Scottish full-time, first degree entrants were drawn from the country's 20% most-

disadvantaged backgrounds (SFC 2023). An independent economic impact report highlighted that Glasgow Caledonian is a valuable asset to the City of Glasgow, not only bringing economic and employment opportunities, but working to address the deep-rooted economic, social and health inequalities in the city (BiGGAR Economics).

Our College Connect Team delivers a dedicated service to help students transition from college to university. The University's Caledonian Club, an award-winning outreach initiative, has helped 20,000 local children, families and carers, many from disadvantaged backgrounds.

At heart, we are a civic university with a global outlook, dedicated to driving positive social change for current and future generations. In the 2023 *Times Higher Education Impact Rankings*, which assess universities against the Sustainable Development Goals (SDGs), we ranked in the top 200 globally. Within this, we ranked in the top 50 in the world for two SDGs, Decent Work and Economic Growth and Reduced Inequalities.

We are the only Scottish university with EcoCampus Platinum accreditation and were ranked first in Scotland for sustainability in the most recent People and Planet league table.

Our research is addressing many of today's biggest global challenges. We are unsurpassed by any other Scottish modern university for the level of research (72%) considered to be world leading or internationally excellent. Our health research is surpassed only by King's College London for outstanding impact, and 100%

of our communications, culture and media research is rated as having an outstanding or very considerable impact (REF2021).

Glasgow Caledonian's research expertise spans three Schools (the School of Computing, Engineering and Built Environment, the Glasgow School for Business and Society, and our School of Health and Life Sciences) and centres including the Research Centre for Health (ReaCH), Mary Robinson Centre for Climate Justice, and Yunus Centre for Social Business and Health.

Our close partnerships range from the Scottish Government, Public Health Scotland and NHS Scotland to the Chambers of Commerce and Scottish Women in Technology. We have transnational partnerships in China, South Africa, Oman, Bangladesh, Nepal and Mauritius.

The University's globally recognised researchers regularly advise governments, industry and international bodies on policy development and delivering impact.

Our success as a globally connected University is demonstrated by the large number of international students studying at our UK campuses. Our welcoming community of over 1,600 staff and more than 22,000 students from almost 120 countries enjoy state-of-the-art facilities across each of our city centre campuses.

Guided by our values – integrity, responsibility, creativity and confidence – we work with others to transform the lives of our students and the communities we serve.

## Ways to get involved

Alumni can give back their time and expertise via our award-winning MINT (Mentoring, Internships, Networking and Talks) programme. As a direct response to the pandemic, this pioneering programme provides help and support to final year students and new graduates to enhance their employability.

## Mentoring

As advocates and ambassadors for our University, many graduates generously volunteer their time to support our students and partner communities in a variety of different ways. There are various ways to volunteer such as becoming an Alumni Mentor to a final year student.

We hope you'll cherish your graduation brochure as a memento of today's celebration and of your time at Glasgow Caledonian University.

You can be assured that the brochure is fully recyclable, and is certified by both the Forest Stewardship Council and the Programme for the Endorsement of Forest Certification.

Our paper is just part of our commitment to becoming carbon neutral by 2040. Glasgow Caledonian is the only Scottish university to hold an EcoCampus Platinum award for our commitment to the environment. We're ranked first in Scotland for sustainability in the People and Planet league table and were Scotland's first Cycle Friendly Campus. We send virtually no waste to landfill, use a combined heat and power system to reduce our energy use, and have invested in greening our campus buildings.
