TechSmith® Camtasia™

Camtasia 8 to 9 – Where is it now?

Version 9.0/3.0 | Oct. 2016

Contents

Camtasia 8 to Camtasia 9 – Where is it now?

Camtasia 9 has a fresh new look and feel that includes enhanced context menus, additional hotkey functionality, and many user interface and usability changes.

- To help you get up and going quickly with Camtasia 9, we've created the following "Where is it now?" map.
- Use this interactive online map or download the PDF.
